

LevelMax

Continuous Level Monitoring System

Monitor Your Product, Anytime, Anywhere.

The Maxi-Tronic LevelMax™ sensor is an extremely rugged and full-featured continuous level sensor for all granular, powder, small and coarse bulk product.

LevelMax sensors are ideal for continuous level sensing of granular and powder product in hopper or flat bottom, round or square bins and silos.

Applicable industries: Grain, Food, Cement, Plastics, and others.

LevelMax™ in action

Best features in the industry.

Wireless system options for easy installation.

Extremely Rugged and simple design for uninterrupted service.

Integrates easily with the SafeTrack software, the "Remote Display and Control" unit, and other industry standard displays.

LCD Display and Status LEDs for ease of use.

SafeTrack PC software compatible for remote monitoring and control.

NEW: See the new RadarTrack™ radar sensor for continuous level measurement.

- Measuring range up to 100' (30.5m)
- Class II, Div 1, Groups E-F-G FM Approved
- Analog 4-20mA and Dual Relay outputs
- Supply Options: 24VDC, 120VAC and 240VAC
- 2 Year Warranty
- Wire Rope and Tape versions available
- Die-cast aluminum control housing
- Mounting options: Threaded (1-1/2" NPT) or vari-angle aiming flange.
